University of Richmond School of Law
2017 Summer Public Service Fellowship Program
Program Description and Guidelines for First Requestors

Program Description:
Through the Summer Public Service Fellowship Program, the School of Law provides summer funding to students working in qualifying public sector positions. Qualifying public sector employment is unpaid, law-related work for a government agency, public interest organization or the judiciary.

The purpose of the Fellowship Program is (1) to make it financially possible for students to gain valuable, but unpaid, law-related summer employment experience in the public sector, (2) to ensure students are prepared to maximize their summer experience for long-term professional gain, and (3) to provide opportunities for students to reflect on their summer experience and apply that knowledge to their academic and career and professional development goals.

Participants in the Fellowship Program must complete the following (steps are required unless otherwise noted):

1. Attend the **Summer Public Service Fellowship Information Session** on Wednesday, January 11, 2017, at 4 p.m. *(optional).*

2. Partner with their career advisor to develop a strategy to **secure summer 2017 employment in the public sector** *(recommended).* Students seeking Virginia area employment eligible for funding should apply via Symplicity by January 17, 2017, to participate in the Commonwealth Law School Consortium Government and Public Interest Interview Program (GPIIP), which will be held at the University of Richmond on February 10, 2017. If selected for an interview at GPIIP, attend **Government & Public Interest Interview Program Overview** on Tuesday, February 7, 2017 at noon.

3. Attend at least one session during the Law Library’s **Bridge the Gap Program** series in March/April 2017. Dates and topics to be determined.

4. Attend the CDO’s **Think Like a Professional: Summer Success in the Public Sector** program on Friday, April 7, 2017, at noon.

5. Identify three work-related experiences you would like to have or skills you would like to further develop over the summer through your work?

7. What types of professional development or networking activities (internal training sessions, shadowing opportunities, Connect Over Coffee meetings, ride-alongs, court observations, etc.) do you plan to participate in this summer?
8. What do you expect to be the most challenging aspect of your summer internship? The most rewarding?
9. How do you expect to feel about the practice area and setting in which you are working (and your interest in continuing on that path for the longer term) by the end of the summer?
Fellowship Discussion Group Questions

Please be prepared to discuss the following questions in your Fellowship Discussion Group, to be held between August 14 and September 8, 2017, at the School of Law.

1. What was your most meaningful learning experience this summer and why? What did you learn from the experience?

2. What did you learn about the profession that you did not realize before? How will you use this knowledge to enhance your law school experience? How will you use this knowledge when you become a lawyer?

3. What did you learn about access to justice? Do you think there are reforms that need to be made? If so, what and why?

4. What did you learn about professionalism? In responding to this question, please include particular experiences that informed your understanding of professionalism and how they will impact the type of lawyer you hope to be.

5. What did you learn about yourself this summer and how will those insights inform the type of practice you hope to pursue?

6. If you discovered through your internship that the area or type of practice you thought you wanted to pursue is not for you, what led you to this conclusion? What insights did you gain about yourself and the type of work environment you want that will help you reformulate your career goals? What next steps will you take? How are you feeling about this change in course? What are the positives and negatives?
