

What is Blackboard?

Known as a "learning management system" (LMS) or "course/content management system" (CMS), [Blackboard](#) is UR's standard LMS. All courses with an instructor-of-record will automatically have a Blackboard course generated. Over 80% of UR faculty use Blackboard for course materials, assignment submissions, online discussions, reflective journaling, tests/quizzes, and posting grades.

To login to Blackboard, visit <https://blackboard.richmond.edu> and use your NetID and password.

If you need help with Blackboard, contact Blackboard support via phone at **804-287-6860** (M-F, 9am-5pm) or blackboard@richmond.edu.
