Dear Students,

Amidst planning for the fall semester, we continue our important work surrounding diversity and inclusion in the Law School. As part of our follow-up work to this past spring's community meeting, we have launched a [Diversity and Inclusion website](#). Here you'll find information about resources and programming, as well as progress updates on action items we have taken or plan to take in the future toward making ours a welcoming community in which all students can thrive.

This is ongoing work that does not have an end date. We will continue to take action to make our school the diverse and inclusive place it should be in the days, weeks, months, and years ahead – and we'll keep this website updated with our progress. As always, I invite your feedback, either by reaching out to me directly or via [this form](#).

Sincerely,

Dean Perdue
